

Information for Sponsors

We would greatly appreciate your involvement in our conference as a sponsor as we believe that this can foster a vivid exchange between researchers and lab suppliers.

To support the conference you can make donations (without obligations) or you can sponsor according to the sponsoring categories listed below.

If you have any further ideas or would like to appear in a more individualized or more pronounced way at our conference (e.g. within some actions defined in item 4), please let us know and we can think of how to integrate your particular interest accordingly.
